Dear Sisters and Brothers:

America's working families and the middle class are being squeezed harder than ever in an unfair economy. Between stagnant wages and soaring costs for fuel, food and health care, many hard-working families are hurting as never before. Many of our neighbors are facing the threat of mortgage foreclosure. As the NALC works to turn America around, we want to remember our neighbors in need, many for the first time ever.

The Combined Federal Campaign gives NALC members a convenient opportunity to contribute to high quality human service non-profits that are helping people in their own communities. That help has never been more important than now.

I urge you to support the 2008 Combined Federal Campaign, and to consider a contribution to the Muscular Dystrophy Association (MDA), our union's official charity; the Postal Employees' Relief Fund, which assists active and retired postal employees who are victims of natural disasters and fires; United Way campaigns, which allocate funds to worthy charities in your community; or to another charity of your choice.

By contributing as generously as you can, you are investing in our neighbors, our communities and our future.

In Solidarity,

William H. Young
President
